## PROFESSIONAL EXPERIENCE

### Dot Net Fullstack Developer

01/2024 – Present | TraviYo, Noida

I am working as a .NET Developer, specializing in building travel based websites and dynamic web applications. My role includes developing secure and scalable solutions using ASP.NET ☑ MVC, REST APIs, and SQL Server, along with payment gateway integrations for smooth online transactions. I also work on designing and optimizing databases, implementing business logic in a three-layer architecture, and ensuring responsive UI using HTML, jQuery. I focus on delivering user-friendly, high-performance applications that meet client requirements and enhance customer experience.
